Among the wide variety of bathtubs available today few materials have earned a top spot like cast iron. Cast Iron bathtub have been around for some time, because they're long lasting and attractive. And today they're available in a wide variety of colors, styles and price ranges.

Cast Iron bathtub are composed of two layers. The foundation layer is a heavy, durable iron alloy, which is then coated in a 1-2mm thick enamel top layer. Together the layers create an impervious surface with a lustrous finish.

Southsea-bath range of cast iron bathtub and sink offers crafted exclusively in variety of styles to suit both modern and traditional spaces. We strive to be the main reference for original cast iron bathtub designs across the world. All of our bathtubs and sinks are produced by gravity casing and vacuum casting according to ASME A112.19.1-2018, EN/BS 232:2003, EN/BS 14516:2006.

Skirt

围裙式铸铁浴缸

We always try to make Southsea-bath tubs completely be out of the ordinary. Uniquely and contemporarily styled, the skirt wrapped series of cast iron bathtub is mainly based on the design of french Bateau bath. All of these follow stunning cast iron bathtubs consist of a two parts design : a luxuriously deep, hand enameled cast iron inner, which is then wrapped in a natural steel or stainless steel optional contrasting shell.

Pedestal

底座式铸铁浴缸

Cast Iron PEDESTAL bathtub is a reliable way to upgrade any modern bathroom, offering warmth, comfort and durability. A pedestal cast iron bathtub's heavy construction reduces noise and vibrations, with style that is timeless and elegant. The substantial iron basin takes longer to heat up, but once warmed it keeps your bath toasty for much longer!
